Serial Number: 08/891,956 Page 2

Art Unit: 2742

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4, 9-11 are rejected under 35 U.S.C. 102(e) as being anticipated by Sudo et al.

Regarding claims 1-4, 9-11, the claimed invention reads on Sudo as follows:

Sudo discloses a telephone comprising:

a housing (Fig. 1) which is movable between a closed position (in Fig. 2) and an open position (in Fig. 1);

a controller (Fig. 3) selectively disable answering of the incoming call (manually turn off the power) when the housing is moved from the closed position to the opened position.

Regarding claim 9, the claimed invention reads on Sudo as follows:

Sudo shows a telephone comprising:

an opened position and a closed position (Figs. 1-2);

selectively disabling answering of an incoming call (turn off the power);

detecting movement of the device from the closed position to the opened position (turn on the power and move the arm 2).

Regarding claims 2-4, 10-11, Sudo show:

an output device (21, 31, 32 etc); a portion of the output device (21);

an input device (i.e., 10a);

Serial Number: 08/891,956 Page 3

Art Unit: 2742

displaying the caller ID (25, col. 15 lines 1-8); detecting and answering the incoming call (power on Fig. 1).

2. Claims 5-7, 12-13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 8 is also allowed. These claims (5-8, 12-13) are allowed because the memory feature which stores the first setting and the second setting that operates to answer/not-answer an incoming call.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Chiang whose telephone number is (703) 305-4728. The examiner can normally be reached on Mon.-Fri. from 8:30 to 6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Krista Zele, can be reached on (703) 305-4701. The fax phone number for the organization where this application or proceeding is assigned is (703) 308-5403.

Art Unit: 2742

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 305-3900.
